AdvisoryCautionary**Non-Directive**Advisory**Cautionary**Non-Directive**Advisory**Cautionary**Non-Directive**

Date:	01/30/2013		
To: Part 139 Airport Operators			
Subject:	Federal and State Depredation Permit Assistance		
Point of Contact:	John R Weller, AAS-300, 202-267-3778		
	Email: john.weller@faa.gov		

1. Purpose. This CertAlert provides assistance to airport operators with the acquisition of Federal or State depredation permits.

2. Background. Airports should maintain Federal and State depredation permits when lethal or other permitted techniques to reduce wildlife threats are necessary. Most wildlife under the purview of Federal or State agencies require special permits if an airport operator has decided to lethally control, take, possess, or transport the hazardous wildlife for depredation control. Nonlethal, non-injurious methods of exclusion, harassment, or dispersal may be used without a depredation permit to reduce or eliminate threats from wildlife¹.

To aid airport operators in the acquisition of depredation permits, the FAA has provided contact information for each State wildlife or natural resource agency web site (Attachment 1) and applicable information to acquire Federal depredation permits (Attachments 2, 3, and 4). Requirements for a State depredation permit vary from state to state. Some states may require fees or the acquisition of other permits or licenses (i.e., hunting licenses) when procuring a depredation permit.

Federally protected species require consultation and permitting through the U.S. Fish and Wildlife Service (USFWS). The regulations governing migratory bird permits can be found in 50 CFR part 13 (General Permit Procedures) and 50 CFR part 21 (Migratory Bird Permits). Generally, no permit is required to harass or disperse depredating migratory birds other than endangered or threatened species, species of special concern, and bald or golden eagles. Also, the USFWS requires a Migratory Bird Damage Project Report (WS Form 37) prepared by the

No. 13-01

¹ The taking (the definition of which includes harassment and lethal removal) of game (including birds) in Alaska is regulated by Alaska Statute 16.05.920 *Prohibited Conduct Generally* and Title 5 Alaska Administrative Code 92.033 *Permit For Scientific, Educational, Propagative, Or Public Safety Purposes.*

U.S. Department of Agriculture, Animal and Plant Health Inspection Service, Wildlife Services. Wildlife Services provides their recommendation for depredation problems on WS Form 37. Separately, endangered or threatened species, species of special concern, and bald or golden eagle mitigation also requires special permits.

The amount of time necessary to acquire a depredation permit depends on several factors. These may include the type of permit (Federal or State), time of year the permit application is submitted, and proper completion of the application forms (i.e., inclusion of WS Form 37 for Migratory Bird Permits). Associated requirements of certain State wildlife permit offices may involve prior acquisition of a Migratory Bird Permit, hunting license, Federal Duck Stamp, and Upland Gamebird, Migratory Gamebird, and Sandhill Crane permits. Airports that have an urgent need to expedite the procurement of a depredation permit should communicate this to the permitting office(s). If it is necessary in the interim, airports should maintain mitigation techniques that do not require a permit and/or acquire assistance from professionals who have the proper authority.

3. Actions. If an airport experiences delays or requires assistance to expedite the permitting process, they are advised to notify their regional FAA office. FAA Airport Certification Safety Inspectors will verify, when applicable, that airports have obtained proper local, State, and Federal wildlife control permits.

ATTACHMENT 2 - UNITED STATES FISH AND WILDLIFE SERVICE MIGRATORY BIRD PERMITS REGULATION 50 CFR § 21.41

Title 50: Wildlife and Fisheries

CHAPTER I: UNITED STATES FISH AND WILDLIFE SERVICE, DEPARTMENT OF THE INTERIOR

SUBCHAPTER B: TAKING, POSSESSION, TRANSPORTATION, SALE, PURCHASE, BARTER, EXPORTATION, AND IMPORTATION OF WILDLIFE AND PLANTS

PART 21: MIGRATORY BIRD PERMITS

Subpart D: Control of Depredating and Otherwise Injurious Birds

21.41 - Depredation permits.

(a) Permit requirement. Except as provided in §§ 21.42 through 21.46, a depredation permit is required before any person may take, possess, or transport migratory birds for depredation control purposes. No permit is required merely to scare or herd depredating migratory birds other than endangered or threatened species or bald or golden eagles.

(b) Application procedures. Submit application for depredation permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in § 13.12(a) of this subchapter, and the following additional information:

(1) A description of the area where depredations are occurring;

(2) The nature of the crops or other interests being injured;

(3) The extent of such injury; and

(4) The particular species of migratory birds committing the injury.

(c) Additional permit conditions. In addition to the general conditions set forth in part 13 of this subchapter B, depredation permits shall be subject to requires, in this section:

(1) Permittees may not kill migratory birds unless specifically authorized on the permit.

(2) Unless otherwise specifically authorized, when permittees are authorized to kill migratory birds they may do so only with a shotgun not larger than No. 10 gauge fired from the shoulder, and only on or over the threatened area or area described on the permit.

(3) Permittees may not use blinds, pits, or other means of concealment, decoys, duck calls, or other devices to lure or entice birds within gun range.

(4) All migratory birds killed shall be retrieved by the permittee and turned over to a Bureau representative or his designee for disposition to charitable or other worthy institutions for use as food, or otherwise disposed of as provided by law.

(5) Only persons named on the permit are authorized to act as agents of the permittee under authority of the permit.

(d) Tenure of permits. The tenure of depredation permits shall be limited to the dates which appear on its face, but in no case shall be longer than one year.

E. MIGRATORY BIRD DEPREDATION PERMIT (Migratory Bird Treaty Act, 50 CFR 21.41)

A Federal Migratory Bird Depredation Permit is required to capture or kill migratory birds for depredation control purposes. The permit authorizes certain management and control activities necessary to provide for human health and safety, protect personal property, or allow resolution of other injury to people or property. No permit is required merely to scare or herd depredating migratory birds other than endangered or threatened species and bald or golden eagles. You should apply for a depredation permit only after non-lethal management proves unsuccessful. If a permit is issued, you will be expected to continue to integrate non-lethal techniques when implementing any lethal measures. <u>You must be at least 18 years of age to apply</u>.

<u>Protected Species</u>: The species listed in the Code of Federal Regulations at 50 CFR 10.13 are protected under the Migratory Bird Treaty Act. A list of species in the U.S. and their status under the MBTA is available at the following website: <u>http://www.fws.gov/migratorybirds/issues/nonnative/MBTA-protected&NonprotectedSpecies.htm</u>.

<u>Resident Canada goose nests & eggs</u>: If you are only destroying or addling resident Canada goose eggs and your state is one that accepts Federal registration, you may register for free on-line at <u>https://epermits.fws.gov/eRCGR</u> in lieu of obtaining a depredation permit.

<u>Note</u>: Your application for a depredation permit must include a recommendation from the U.S. Department of Agriculture, Animal and Plant Health Inspection Service, Wildlife Services, for addressing your depredation problem. You may contact Wildlife Services at (866) 487-3297. If Wildlife Services recommends that a permit be issued to capture or kill birds, they will complete a Wildlife Services Permit Review Form (Form 37). This form and a copy of any required State permits must accompany your application. (This form is not required for resident Canada goose egg addling/destruction/OvoControlTMG.)

Please provide the following information numbered according to the questions below on a separate sheet of paper. You should be as specific as possible in your responses. You should submit your application at least 60 days prior to the date that you need your permit (50 CFR 13.11(c)).

- 1. List the species of migratory birds causing the depredation problem and estimate the number of each involved.
- 2. Provide the exact location of the property or properties where the control activity would be conducted (State, county, and physical address of the specific site).
- 3. Description of damage.
 - (a) Describe the specific migratory bird damage or injury you are experiencing.
 - (b) How long has it been occurring (e.g., the number of years)?
 - (c) What times or seasons of the year does it occur?
 - (d) Describe any human health and safety hazards involved.
 - (e) Provide details such as types of crops destroyed, human injuries sustained, property damage incurred, and health and safety hazards created.
- 4. Describe the extent of the damage and estimate the economic loss suffered as a result, such as percentage of acres of crop and dollar loss, cost to replace damaged property, or cost of injuries.
- 5. Describe the nonlethal measures you have taken to control or eliminate the problem, including how long (e.g., a week, month, year(s)) and how often they have been conducted. List the techniques you have tried, such as harassment (e.g., horns, pyrotechnics, propane cannons), habitat management (e.g., vegetative barriers, longer grass management, fencing), cultural practices (e.g., crop selection and placement, management of pets and feeding schedules), or no feeding policies.
- 6. Proposed actions.

(a) What actions are you proposing to take to alleviate the problem (e.g., kill, eliminate nesting, trap and relocate)?(b) Describe the method you propose (e.g., shoot; addle, oil, destroy eggs; trap and relocate; trap and donate birds to a food processing center).

(c) If you propose to trap birds, describe the method that will be used and your (or your agent's) experience with the method.

7. What long-term measures do you plan to take to eliminate the problem?

Form 3-200-13

Rev. 9/2010

Page 2 of 6

8.	If you are applying on behalf of an airport for a permit to control birds in flight zones, indicate whether you are operating under an approved Wildlife Hazard Management Plan.			
9.	Anyone who will be acting as your agent or assisting you with the activities authorized by your permit must be authorized as a subpermittee under your permit. As the primary permittee, you will be legally responsible for ensuring that your subpermittees comply with the terms of your permit. List the name of anyone who will be directly involved in doing the work to resolve your problems. Include any commercial company that may be contracted to conduct the work.			
10.	You must retain records relating to the activities conducted under your permit for at least 5 years from the date of expiration o your permit. Is the physical address you provided in Section C on page 1 of this application the address where your records w be kept?			
	Yes No If "no", provide the physical address:			
11.	Any permit issued as a result of this application is not valid unless you also have any required State or tribal permits o approvals associated with the activity. Have you obtained all required State or tribal permits or approvals to conduct this activity?	or		
	Yes If "yes", attach a copy of the approval(s). Have applied (Send copy when issued) None required	ł		

PERMIT APPLICATION FORM INSTRUCTIONS

The following instructions pertain to an application for a U.S. Fish and Wildlife Service or CITES permit. The General Permit Procedures in 50 CFR 13 address the permitting process. For simplicity, all licenses, permits, registrations, and certificates are referred to as a permit.

GENERAL INSTRUCTIONS:

- Complete all blocks/lines/questions in Sections A or B, and in C, D, and E.
- An incomplete application may cause delays in processing or may be returned to the applicant. Be sure you are filling in the appropriate application form for the proposed activity.
- Print clearly or type in the information. Illegible applications may cause delays.
- Sign the application in <u>blue</u> ink. Faxes or copies of the original signature will not be accepted.
- Mail the original application to the address at the top of page one of the application or if applicable on the attached address list.
- Keep a copy of your completed application.
- Please plan ahead. Allow at least 60 days for your application to be processed. Some applications may take longer than 90 days to process. (50 CFR 13.11)
- · Applications are processed in the order they are received.
- Additional forms and instructions are available from http://permits.fws.gov.

COMPLETE EITHER SECTION A OR SECTION B:

Section A. Complete if applying as an individual:

- Enter the complete name of the responsible individual who will be the permittee if a permit is issued. Enter personal information that
 identifies the applicant. Fax and e-mail are not required if not available.
- If you are applying on behalf of a client, the personal information must pertain to the client, and a document evidencing power of attorney must be included with the application.
- Affiliation/ Doing business as (dba): business, agency, organizational, or institutional affiliation directly related to the activity requested in the application (e.g., a taxidermist is an individual whose business can directly relate to the requested activity). The Division of Management Authority (DMA) will not accept doing business as affiliations for individuals.

Section B. Complete if applying as a business, corporation, public agency, tribe, or institution:

- Enter the complete name of the business, agency, tribe, or institution that will be the permittee if a permit is issued. Give a brief
 description of the type of business the applicant is engaged in. Provide contact phone number(s) of the business.
- Principal Officer is the person in charge of the listed business, corporation, public agency, tribe, or institution. The principal officer is the person responsible for the application and any permitted activities. Often the principal officer is a Director or President. Primary Contact is the person at the business, corporation, public agency, tribe, or institution who will be available to answer questions about the application or permitted activities. Often this is the preparer of the application.

ALL APPLICANTS COMPLETE SECTION C:

- For all applications submitted to the Division of Management Authority (DMA) a physical U.S. address is required. Province and Country blocks are provided for those USFWS programs which use foreign addresses and are not required by DMA.
- Mailing address is address where communications from USFWS should be mailed if different than applicant's physical address.

ALL APPLICANTS COMPLETE SECTION D:

Section D.1 Application processing fee:

- An application processing fee is required at the time of application; unless exempted under 50 CFR13.11(d)(3). The application
 processing fee is assessed to partially cover the cost of processing a request. The fee does not guarantee the issuance of a permit. Fees
 will not be refunded for applications that are approved, abandoned, or denied. We may return fees for withdrawn applications prior
 to any significant processing occurring.
- Documentation of fee exempt status is not required for Federal, tribal, State, or local government agencies; but must be supplied by those applicants acting on behalf of such agencies. Those applicants acting on behalf of such agencies must submit a letter on agency letterhead and signed by the head of the unit of government for which the applicant is acting on behalf, confirming that the applicant will be carrying out the permitted activity for the agency.

Section D.2 Federal Fish and Wildlife permits:

List the number(s) of your most current FWS or CITES permit or the number of the most recent permit if none are currently valid. If
applying for re-issuance of a CITES permit, the original permit must be returned with this application.

Section D.3 CERTIFICATION:

• The individual identified in Section A, the principal officer named in Section B, or person with a valid power of attorney (documentation must be included in the application) must sign and date the application in blue ink. This signature binds the applicant to the statement of certification. This means that you certify that you have read and understand the regulations that apply to the permit. You also certify that everything included in the application is true to the best of your knowledge. Be sure to read the statement and re-read the application and your answers before signing.

 - Routine disclosure to Federal, tribal, State, and local authorities who need to know who is permitted to receive and rehabilitate sick, orphaned, and injured birds under the Migratory Bird Treaty Act and the Bald and Golden Eagle Protection Act; federally permitted rehabilitators; individuals seeking a permitted rehabilitator with whom to place a bird in need of care; and licensed veterinarians who receive, treat, or diagnose sick, orphaned, and injured birds.
 - Routine disclosure to the Department of Justice, or a court, adjudicative, or other administrative body or to a party in litigation before a court or f adjudicative or administrative body, under certain circumstances.
 - Routine disclosure to the appropriate Federal, tribal, State, local, or foreign governmental agency responsible for investigating, prosecuting, enforcing, or implementing statutes, rules, or licenses, when we become aware of a violation or potential violation of such statutes, rules, or licenses, or when we need to monitor activities associated with a permit or regulated use.
 - Routine disclosure to a congressional office in response to an inquiry to the office by the individual to whom the record pertains.
 - Routine disclosure to the General Accounting Office or Congress when the information is required for the evaluation of the permit programs.
 - Routine disclosure to provide addresses obtained from the Internal Revenue Service to debt collection agencies for purposes of locating a debtor to collect or compromise a Federal claim against the debtor or to consumer reporting agencies to prepare a commercial credit report for use by the FWS
- 5. For individuals, personal information such as home address and telephone number, financial data, and personal identifiers (social security number, birth date, etc.) will be removed prior to any release of the application.
- 6. The public reporting burden on the applicant for information collection varies depending on the activity for which a permit is requested. The relevant burden for a Migratory Bird Depredation permit application varies from 1.5 hours for individuals to 3 hours for businesses. The burden for recordkeeping varies from 15 minutes for individuals to 30 minutes for businesses. This burden estimate includes time for reviewing instructions, gathering and maintaining data and completing and reviewing the form. You may direct comments regarding the burden estimate or any other aspect of the form to the Service Information Clearance Officer, U.S. Fish and Wildlife Service, Mail Stop 222, Arlington Square, U.S. Department of the Interior, 1849 C Street, NW, Washington D.C. 20240.

Freedom of Information Act - Notice

For organizations, businesses, or individuals operating as a business (i.e., permittees not covered by the Privacy Act), we request that you identify any information that should be considered privileged and confidential business information to allow the Service to meet its responsibilities under FOIA. Confidential business information must be clearly marked "Business Confidential" at the top of the letter or page and each succeeding page and must be accompanied by a non-confidential summary of the confidential information. The non-confidential summary and remaining documents may be made available to the public under FOIA [43 CFR 2.13(c)(4), 43 CFR 2.15(d)(1)(i)].
